Introduction to Jab's Bee 84 "Aruba"

!Well folks as we all know, that a Jab
is an injection, or a punch with the fist.
But you need'nt be afraid, of being inoculated, or so called
sophisticated through Jab's.
You wannah a dip? Or you want a dab? then just drop in, at Jab's!
One dab, and you are dabbled!
no dabbler for a Jab's. One dip and you are deeper,
than expected off course! But then again,
they say the deeper the sweeter.
No deepest, nor no highest, for a Jab's!
Jab's is no extremest... Yet still Jab's is up for grabs.
Do you want it o'kay, or wood you have it a k.o.?
After all, you have to service the bloom,
before it blossoms. The cycle of life is never
ending, love thy lord, love the place
the pace and space that we are in.!
I Can put my name in many spaces, but
unfortunately enough eye cannot put many names,
in my place! perpetuate poet.
